## Using Canvas

Students are expected to use Canvas to access the course syllabus, assigned readings, and other materials. Additionally, students are expected to submit assignments and complete the quizzes in Canvas to reduce paper waste.

## Grading

Feedback and grades will be posted within one week after the original due date, excluding late work.

Letter grades are assigned based on the percentage of points earned as follows:

- A+ 97-100%
- A 93-96.9%
- 89-92.9%
- B+ 87-88.9%
- B 83-86.9%
- 79-82.9%
- C+ 77-78.9%
- C 72-76.9%
- 69-71.9%

- D 60--68.9%
- F <60%

## Grading Table

Activity	Percentage of Course Grade	Points Possible
Sustainability Quiz	10%	2x50 points=100
Homework Activities	20%	5x40 points=200
Critical Analysis Paper of Broker (1983)	20%	200
Case Study Research Project		
Case Study "PechaKucha"-style Presentation	15%	150
Case Study Research Paper	15%	150
Group Outreach Project (individually graded)	20%	200
<b>Total Percentage and Points</b>	<b>100%</b>	<b>1000</b>

## Assignment Descriptions

### Sustainability Quiz

Students complete identical sustainability quizzes at the beginning and end of the course to assess pre- and post- course knowledge. This is a low-stakes quiz, and students are allowed three attempts and can use outside sources for the second and third attempts.

### Homework Activities

There are five (5) homework assignments throughout the semester, which relate to the major course assignments, including a worksheet, podcast, newsletter, concept map, and blog post.

### Critical Analysis Paper

Students read *Night Flying Woman: An Ojibway Narrative* (1983) by Ignatia Broker. After reading the book, students write a critical analysis paper on the book, using the triple bottom line as the framework for analysis. Class time will be devoted to discussing the book. The book is available through the Minnesota Historical Society and other book retailers.

### Case Study Project

Students conduct a semester-long case study research project on a topic of their choice. The project must address an economic, environmental, and/or social sustainability challenge.

After selecting a topic that aligns with the *United Nation's 17 Sustainable Development Goals*, students investigate their chosen topic through a scholarly literature review, conduct qualitative data collection and analysis, and disseminate their results and findings through an engaging 'PechaKucha-style' presentation (presented in-class) and an APA-formatted, scholarly research paper.

## **Group Outreach Project**

Students will work together, practicing shared governance to develop a community-focused educational outreach project. The project will focus on a specific sustainability issue. Students will decide how to reach their chosen community (e.g., campus, city, region, state, etc.) in ways that spark interest or use novel approaches.

Infographics, social media, app development, short videos/documentary, community programs, teacher training, or other communication tools and formats are acceptable. Groups will present their outreach projects through presentations.

## **Pedagogical Approach**

This course provides students with the information and skills needed to understand the comprehensiveness of sustainability, the myriads of environmental and social conditions that sustainability can address, and how to collaborate for sustainable solutions.

As an instructor, I follow a *mastery* teaching and learning approach. I provide opportunities for students to revise assignments to improve grades. I encourage students to reach out to me if additional instruction on any topic covered/assignment in this course is needed. All revisions must be completed by an agreed-upon due date.

## **Policies & Resources**

### **Late Work Policy**

Late work is accepted within a reasonable timeframe; please email the instructor to discuss.

### **Extra Credit**

There are two extra credit opportunities:

- Attend CSU International Symposium and write an abstract summarizing the experience. Virtual attendance is an option. (25 points)
- Attend a CSU Africa Center Coffee Social or other CSU Africa Center event and write an abstract summarizing the experience. Must attend in-person. (25 points)

## **Grading Concerns & Questions**

Contact the instructor to ask questions or discuss concerns about grading.

## **CSU Principles of Community**

- **Inclusion:** We create and nurture inclusive environments and welcome, value, and affirm community members, including their various identities, skills, ideas, talents, and contributions.

- **Integrity:** We are accountable for our actions and will act ethically and honestly in all our interactions.
- **Respect:** We honor the inherent dignity of all people within an environment where we are committed to freedom of expression, critical discourse, and the advancement of knowledge.
- **Service:** We are responsible, individually and collectively, to give of our time, talents, and resources to promote the well-being of each other and the development of our local, regional, and global communities.
- **Social Justice:** We have the right to be treated and the responsibility to treat others with fairness and equity, the duty to challenge prejudice, and to uphold the laws, policies, and procedures that promote justice in all respects.
